Lowongan :

Superintendent SCM

Work Location:

Anggana, Kutai Kartanegara

Job Description:

Responsible for managing the supply chain and distribution of materials at the mining site. This position plays a crucial role in ensuring timely availability of materials, efficient logistics management, and overseeing the procurement of goods and services that support mining operations.

Responsibility:

- Manage and monitor the flow of the material supply chain for mining operational.
- Oversee the procurement of goods and services supporting mining activities, ensuring smooth operations and compliance with the budget.
- Analyze and optimize logistics and material distribution processes to ensure efficiency and cost-effectiveness.
- Coordinate with various departments to ensure material requirements are met on time and according to desired specifications.
- Prepare periodic reports on material procurement and supply chain activities.

Qualification:

- Minimum Bachelor's degree (S1) in Industrial Engineering, Management, or a related field.
- At least 3 years of experience in Supply Chain Management, preferably within supervisory role at mining industry.
- Strong understanding of logistics, procurement, and supply chain management.
- Good analytical skills and proficiency in SCM-related software (e.g., SAP, Odoo).
- Strong communication and leadership skills

How to Apply:

- Please submit your application to: tinyurl.com/LokerResmiHWAJanuari2025
- The application deadline is **9 January 2025**.
- Only applicants who meet the qualifications will be notified.
- **PT. Harapan Wahyu Abadi never charges any fees during the recruitment process.**

Lowongan :
