

GRADUATE TRAINEE

PETROFIN FUTURE LEADER

Petrofin Future Leader is designed to prepare **Future Leader** of Elnusa Petrofin. This program encourages trainee to explore Elnusa Petrofin industries

PT Elnusa Petrofin ("EPN") is a subsidiary of PT Elnusa Tbk., which was established in Jakarta on July 5, 1996. PT Elnusa Petrofin is engaged in logistics and fuel distribution services. This company is one of Pertamina's connectors to distribute PSO (Public Service Obligation) and One-Price Fuel throughout Indonesia.

In 1997, EPN became a distributor company for BBMK (Special Fuel Oil). In 1999, EPN began to develop its business by penetrating into the retail fields of petrol stations, fuel transportation, fuel additive sales, and lubricant agents.

EPN is constantly growing, especially in terms of sales of lubricants and chemicals. From 2009 to 2011, EPN played a role in fuel transportation, fuel retail, and the provision of bunker agent cars.

Currently, EPN focuses on Fuel Transportation Services, Energy Storage Management, Industry and Marine Fuel, Lubricant and Chemical Integrated Service.
