Company Overview

Vallianz Holdings Limited is a well-established operator of offshore support vessels ("OSVs") and integrated offshore marine solutions to serve the everchanging needs of the global energy industry. For close to 30 years, the Group has answered the needs of the global energy industry through well-implemented integrated offshore marine solutions with a progressive yet pragmatic vision, and a team of highly motivated industry experts working in close collaboration with its customer.

We are a publicly listed enterprise registered in Singapore with an international footprint, spanning across markets in the middle East, Asia Pacific and Gulf of Mexico. To provide adaptive solutions in an environment of rapidly evolving needs, Vallianz has a fleet of 12 OSVs which comprise anchor handling tugs with supply capabilities, submersible launch barges, and flat top cargo barges.

The Group also owns a shipyard in Batam, Indonesia, which serves as a marine base for vessel docking, repairs and maintenance works. Our shipyard possesses strong in-house fabrication and engineering capabilities such as shipbuilding and fabrication works, which are part of the downstream services that are fully dedicated to supporting our subsidiaries, partners and customers. This further enhances our value proposition by broadening the spectrum of our marine services and takes us closer to our core focus on delivering operational and service excellence.
